

Frequently Asked Questions

1. What Services Does SMC Offer?

We are a full-service Surrogacy Agency; we do not just match you we like to go all the way to the delivery day and assist you with all the logistics in between. We match and clear you with a qualified gestational carrier. We coordinate with your IVF/REI Clinic on all matters during your surrogacy journey. We assist and coordinate the Legal, Psych, and Medical Processes needed in surrogacy. We have a direct Escrow Management company (Surrogacy Miracles Escrow Management) to manage the financial matters of surrogacy successfully. We offer home visits and doula services for our clients as well.

2. How much does surrogacy cost?

With surrogacy, there is no one dollar amount. On average surrogacy costs \$90K-\$150K. Some Intended Parents can have a streamlined process and it only costs \$75K-90K. Worst case scenario with multiple determining factors it could cost \$150K. During the consultation, we can review the driving factors in cost and how we can try and help you save money during your surrogacy journey.

3. How long does a surrogacy journey take?

The pre-work for surrogacy can take about 6 months. On average surrogacy journeys overall take about 15-18 months. Remember your GC is pregnant for 40 weeks. We tell our intended parents to give themselves 2 years.

4. What are the gestational carrier requirements for our program?

- Permanent resident in a surrogacy-friendly state
- 21-42 years of age,
- Overall good health and clearance from OB-GYN medical provider
- Delivery of at least one child with no complications,
- Cleared 10 years of background checks,
- Pass a drug test,
- Review of complete medical records,
- Pass mental health consultation
- Pass medical evaluation
- Complete a home visit
- Pass IVF Clinic specific requirements

5. Is there any genetic connection between the gestational carrier and the baby?

In Gestational Surrogacy there is no genetic connection to the gestational carrier and the intended baby. There is less than 5% of blood transmission during delivery with a surrogacy pregnancy. In traditional surrogacy, the egg belongs to the carrier and there is a genetic connection.

6. What prevents the gestational carrier from running off with my baby?

There are legal restrictions that prevent the gestational carrier from running off with the baby. We look at the Gestational Carrier's previous paper trail and create one in surrogacy as well. Nothing is 100%, but we put a lot of work into the screening process to avoid having a situation like this.

7. What is Surrogacy Miracles Agency Fee out of the Total Cost?

Our Agency Fee is \$30K and we allow this to be paid in installments. Call us and stay in contact to check out our promotions.
